

Sample Ballots

A sample ballot will be available 20-25 days prior to an election. Sample ballots for Municipal Elections are published in the newspaper. For county-wide elections, sample ballots are mailed to all registered voters. Precinct-specific sample ballots are available on our website for all elections. The sample ballot will be the same as the one you will vote on election day (based on your address) including your congressional, senate, house and local races. Voters are encouraged to mark their sample ballot and take it with them to the polls.

Voting System

Pasco County uses an optical scan paper ballot system where votes are cast by filling in ovals, similar to the lottery or standardized tests. The ballot is then read into an optical scan reader at the polling place. Mail ballots are fed through a high-speed reader at the Elections Service Center prior to election day. For more information visit our website.

Pollworkers and Voter Outreach Ambassadors

Qualified, committed, and well-trained workers play a key role in successful elections. There are positions available for working at the polls and assisting on election day.

In addition, there are positions available throughout the year to conduct voter registration drives, voting equipment demonstrations, and voter education programs.

If you are interested in working, we encourage you to visit our website, complete an on-line application, or call 1-800-851-8754.

2010 VOTER'S GUIDE

Brian E. Corley

A Message From The Supervisor

2010 promises to be an exciting and challenging year! As we set our sights upon the upcoming election cycle, we have a Primary in August and the General Election in November to include Federal, State and local races.

I would encourage all citizens to visit our website, pascovotes.com, for more information on how to register, update your information, order a "vote by mail ballot," or view our voting system.

I assure you of my office's commitment to excellence in our service to the public, and under my administration, Pasco County continues to run transparent, trouble-free and secure elections with timely and accurate results. Please remember that "Freedom Requires Responsibility," and you can honor that responsibility by a commitment to have your voice heard by voting.

Each registered voter in this state has the right to:

What is Book Closing. . .

Book closing is 29 days before an election, and it marks the deadline for unregistered voters to file a voter registration application. It also applies to currently registered voters who wish to change their party affiliation for an upcoming election. A completed voter registration application **must** be in the Supervisor of Elections' office, or if mailed, must be postmarked by the book closing date. By law, **Florida is a closed primary state**. Voters may only vote for candidates in their party of registration. By not selecting a party when you register, your vote is limited in primaries to judges and issues. In a general election, you may vote for any candidate regardless of party.

What is a Universal Primary. . .

A Universal Primary Contest or 'UPC' means a contest in a primary election in which all candidates have the same party affiliation and the winner will have no opposition in the general election. All qualified electors may vote on a UPC regardless of party affiliation.

VOTER INFORMATION CARD

Voter Information Cards are sent to all voters upon validation of their initial voter registration application, or to currently registered voters when making a name, address or party affiliation change. New information cards will be sent to all voters who are in a precinct in which there has been a change in their polling location.

Voter Information Cards are not necessary to vote. They serve only as confirmation of your voter registration. If you have lost your information card and would like a new one, you must complete a voter registration application.

MAKING CHANGES

Maintaining your voter registration is your insurance of a trouble-free voting experience without delays! Your signature is required for all name, party or written address change requests. It is your authorization for us to make the change.

Has your address changed? It is a felony to vote in a precinct in which you do not reside. Submit a completed voter registration application, and you will receive a new voter information card with your new precinct and polling place location. In-county address changes can also be made by telephone or e-mail, but if you have moved from another county or state, you must complete a new voter registration application.

Has your name changed? Submit a completed voter registration application and indicate name change on Line 1 of the application.

Do you wish to change your party affiliation? Submit a completed voter registration application by the 29-day book closing date prior to any election and indicate party change on Line 1 of the application.

Has your signature changed? When you return a vote by mail ballot or sign a petition, your signature is verified against the signature on file. If the signatures do not match, your vote by mail ballot may not be counted or your petition may not be accepted. Submit a completed voter registration application and indicate signature update on Line 1 of the application.

Mail completed applications to: Honorable Brian E. Corley, Supervisor of Elections, PO Box 300, Dade City, FL 33526.
