MEMORANDUM

TO: All Candidates for Multi-County, State or Federal Office

FROM: Brian E. Corley

SUBJECT: 2020 Information Guide

While the Florida Election Code outlines your duties and responsibilities, there are unique policies and/or procedures for each of the sixty-seven Florida counties. Therefore, this guide has been prepared specifically for candidates who are running for multi-county, state or federal offices in an effort to familiarize them with specific information unique to Pasco County. A few examples include sign ordinances, Pasco County's early voting schedule and locations, the public testing of voting equipment, etc.

Please know that it is my intent that this guide be a valuable resource to your candidacy. However, you may have questions that have not been addressed in this guide. Feel free to contact my office if any questions arise. Also, please know that the Florida Election Code prevails if there is any conflict of information between the code and this guide.

As always, we stand ready to assist you in any way that we are permitted by law.

I. CANDIDATE PETITIONS

A. CAN I QUALIFY AS A CANDIDATE BY PETITION?

Pursuant to **99.095, Florida Statutes**, a person seeking to qualify for nomination to any office may qualify to have their name placed on the ballot by means of the petitioning process. **HOWEVER**, signatures **MAY NOT** be obtained until the candidate has filed the appointment of campaign treasurer and designation of campaign depository pursuant to **106.021, Florida Statutes (Exception: Federal and Special District Candidates)**. Additionally, the signatures are only valid for the qualifying period immediately following such filings.

- < The format of the petition (**Form DS-DE 104**) shall be prescribed by the division and shall be used by the candidates to reproduce for circulation. Candidates will be required to obtain signatures of at least one percent (1%) of the total number of registered voters in their district. (The registration statistics used in computing the requisite number of signatures are those for the 2018 General Election.)
- < If you are qualifying by the petition process, the number of valid signatures you must secure is listed in a table on the Division of Elections website.
<https://dos.myflorida.com/elections/candidates-committees/qualifying/>
- < The statutory fee for signature verification is ten cents (\$.10) per signature verified. The fee is due when the petitioner submits the petitions for verification to the Supervisor of Elections. If filing an Affidavit of Undue Burden, you must submit the form at the same time you submit your first batch of petitions (to each county verifying your petitions).
- < **99.097(4), Florida Statutes**, allows you to file an Undue Burden Affidavit with the Supervisor of Elections exempting you from paying the ten cents (\$.10) per name checked. This oath must be filed with the Supervisor of Elections at the time petitions are submitted for verification. The form used will be the "Affidavit of Undue Burden." (**Form DS-DE 19A**)
- < The signed petitions must be submitted to the Supervisor of Elections **prior to 12:00 Noon on May 11, 2020**, for verification. The petition deadline for Judicial Candidates is **prior to Noon, March 23, 2020**.
- < The Supervisor of Elections will certify the number of valid petitions to the Division of Elections once the signatures have been verified. The deadline for the Supervisor of Elections to certify petitions to the Division of Elections is by 5:00 p.m. on April 13, 2020 for Federal, Judicial, State Attorney and Public Defender candidates and 5:00 p.m. on June 1, 2020 for Statewide, District and Multi-County candidates.

- < If you meet the petition requirement for the office you are seeking, you will not be required to pay the qualifying fee and will be entitled to have your name printed on the ballot.

Note: If the candidate is running for an office which will be grouped on the ballot with two or more similar offices to be filled at the same election and the petition does not indicate the group or district office for which they are running, the signatures obtained on the petition will not be counted.

II. PUBLIC TEST

Section **101.5612(1), Florida Statutes**, requires all electronic or electromechanical voting systems shall be thoroughly tested at the conclusion of maintenance and programming. Tests shall be sufficient to determine that the voting system is properly programmed, the election is correctly defined on the voting system, and all of the voting system input, output, and communication devices are working properly.

Pursuant to **101.5612(2), Florida Statutes**, on any day not more than 10 days prior to the commencement of early voting as provided in **101.657, Florida Statutes**, the supervisor of elections shall have the automatic tabulating equipment publicly tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures.

The following **tentative** schedule will apply to the 2020 elections: (subject to change)

- Presidential Preference Primary –**
Monday, March 2, 2020 3:00 p.m.
- Primary Election –**
Monday, August 3, 2020 3:00 p.m.
- General Election –**
Monday, October 12, 2020 3:00 p.m.

The testing location will be:

Supervisor of Elections
Pasco County Technology Center
38283 McDonald Street
Dade City, Florida 33525

III. CAMPAIGN/POLITICAL SIGNS

As indicated in **106.1435, Florida Statutes**, after a candidate withdraws, is eliminated or elected, the candidate shall make a good faith effort to remove all political campaign advertisements within 30 days. However, in order to comply with the Land Development Code, political signs or posters must be removed within 5 days after the political issue has been decided. Please note the section entitled "Political Signs". This information was provided by the Pasco County Department of Land Development. A candidate is not expected to remove those political campaign advertisements which are in the form of signs used by an outdoor advertising business as provided in Chapter 479. The provisions herein do not apply to political campaign advertisements placed on motor vehicles or to campaign messages designed to be worn by persons.

If the political signs are not removed within the specified time, a political subdivision or government entity has the authority to remove advertisements and may charge the candidate the actual cost for such removal.

No political advertisements shall be erected, posted, painted, tacked, nailed, or otherwise displayed, placed or located on or above any state or county road right-of-way.

NOTE: Some polling locations and early voting sites may not allow campaign signs to be erected, posted, painted, tacked, nailed, or otherwise displayed, placed or located on their property.

Additionally: This does not preclude municipalities from imposing additional or more stringent requirements on the usage or removal of political campaign advertisement. Candidates should contact individual municipalities for information regarding their political campaign advertisements.

POLITICAL SIGNS

Candidates should familiarize themselves with Pasco County Board of County Commissioners Resolution 11-300. This resolution details the county’s policy on political signs at county owned facilities for both Early Voting periods and Election Days. A copy of this resolution is given to each person who pulls papers to run for office in Pasco County.

Permits are no longer required by Pasco County for political signs (defined as any sign identifying and urging support for or opposition to a particular issue, political party, or candidate for public office) but they remain subject to the Pasco County Land Development Code Section 406.16:

For clarification or additional information, contact the Zoning/Code Compliance Division at (800) 368-2411, ext. 8132.

POLITICAL CAMPAIGN SIGNS IN THE STATE RIGHTS OF WAY

Chapter **479.11, Florida Statutes**, mandates that political campaign signs may not be placed in the right of way of any state or national highway.

All political campaign signs placed on the State right of way will be picked up by the Florida Department of Transportation staff and placed in one of the Department maintenance yards.

All campaign staff/workers should be made aware of the regulations for political sign placement. If workers are given a copy of this notice prior to distributing campaign signs, it may eliminate a trip(s) to the maintenance yard to retrieve the confiscated signs.

AFFIDAVIT OF UNDUE BURDEN

IMPORTANT: Paying signature gatherers will preclude or invalidate the filing of an undue burden oath. Section 99.097(6), Florida Statutes, provides: (a) If any person is paid to solicit signatures on a petition, an undue burden oath may not subsequently be filed in lieu of paying the fee to have signatures verified for that petition. (b) If an undue burden oath has been filed and payment is subsequently made to any person to solicit signatures on a petition, the undue burden oath is no longer valid and a fee for all signatures previously submitted to the supervisor of elections and any submitted thereafter shall be paid by the candidate, petitioner, or organization that submitted the undue burden oath. If contributions as defined in s. 106.011 are received, the fee for any contributions must first be used to reimburse the supervisor of elections for any signature verification fees that were not paid because of the filing of the undue burden oath. [Note: The second sentence in (b) applies only when payments are made to a signature gatherer after an undue burden oath had been filed.]

I certify under oath that I intend to qualify as a candidate for the office of _____ and that I am unable to pay the fee for verification of petition signatures for that office without imposing an undue burden on my personal resources or on resources otherwise available to me.
